

# Confined Space Awareness

## 1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOsha

## 2 Why You Need This Workshop . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index.*)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

## 3 What You'll Learn . . .

This course is a four (4) hour program structured to furnish individuals with a short introduction to confined spaces. The student will learn the permit / non-permit requirements of confined space, potential hazards found in a confined space and an introduction to air monitors and lowering and retrieval systems. The class is designed to comply with MIOsha General Industry Standard Part 90 (1910.146) .

### Agenda

*We offer a flexible program agenda to emphasize the topics you want most.*

Review Safety and Compliance Issues as Related to Confined Spaces:

- ▶ Identify Confined Space Requirements
- ▶ Identify Permit-Required Requirements
- ▶ Discuss Training, Equipment and Documentation

# Facilitator

Lee Jay Kueppers was appointed to MIOSHA in 1987 and joined the Consultation Education and Training Division in 1998 after serving more than 10 years as a general industry compliance officer. Prior to his appointment to MIOSHA Lee Jay was employed by Ford Motor Company and worked as a full-time fire fighter/EMT in New Mexico. Lee Jay continues his interest in fire fighting by serving as an on-call firefighter/EMT with the Washington Township Fire Department as well as teaching fire science part-time at Macomb Community College. He is a state certified fire instructor.

Lee Jay has a bachelor's degree in Industrial Safety and Fire Science from the University of Maryland and an Associate's degree in Fire Science from Macomb Community College. He performs his consultation services for employer/employees in Bay, Tuscola, Huron, Lapeer, Sanilac and portions of Macomb and St. Clair Counties.
